

## Directorate of Physical Education & Sports, University of Kashmir

### FAQs

#### 1. What is the eligibility criterion for admission to the M.P.Ed course at the University of Kashmir?

**Answer:**

To be eligible for the M.P.Ed course at the University of Kashmir, candidates must have completed a Bachelor's degree in Physical Education (B.P.Ed) or a four-year B.P.E course. Candidates must also pass a physical efficiency test (PET) conducted by the Directorate of Physical Education and Sports. After clearing the PET, students are eligible to appear for the entrance examination.

#### 2. How is the admission process structured for the M.P.Ed course?

**Answer:**

The admission process for the M.P.Ed course at the University of Kashmir involves two key steps:

1. **Physical Efficiency Test (PET):** All applicants must first pass the PET, which includes physical fitness tasks such as running, jumping, and other physical activities.
2. **Entrance Examination:** Only candidates who clear the PET will be eligible to appear for the entrance examination, which is based on sports-related topics and general physical education knowledge.

#### 3. What is the duration of the M.P.Ed program?

**Answer:**

The M.P.Ed course at the University of Kashmir is a two-year program, divided into four semesters. The course is designed to provide both theoretical and practical knowledge in physical education, sports, and fitness.

#### 4. What are the career opportunities after completing an M.P.Ed from the University of Kashmir?

**Answer:**

After completing the M.P.Ed course, graduates can explore several career opportunities, such as:

- Physical Education Teachers in schools and colleges
- Sports Coaches or Trainers for sports teams
- Fitness Trainers or Consultants in gyms and fitness centers
- Sports Managers or Administrators in sports organizations
- Research and academic roles in sports science and physical education
- Sports Psychologists and nutrition experts in professional sports settings

#### 5. Is there a physical fitness requirement for admission to the M.P.Ed course?

**Answer:**

Yes, there is a physical fitness requirement for admission to the M.P.Ed course. Candidates must

pass the **Physical Efficiency Test (PET)**, which assesses their physical fitness through various exercises and activities. This test is an essential part of the admission process, and only those who qualify will be eligible for the entrance exam.

**6. Can I apply for the M.P.Ed course if I have completed a B.A. in Physical Education instead of a B.P.Ed?**

**Answer:**

The University of Kashmir typically requires candidates to have a **B.P.Ed** degree or a **four-year B.P.E** degree for eligibility to the M.P.Ed course. However, it is advisable to check with the Directorate of Physical Education and Sports for specific eligibility criteria or possible exemptions.

**7. What are the fee details for the M.P.Ed course at the University of Kashmir?**

**Answer:**

The fee structure for the M.P.Ed course at the University of Kashmir is approximately **INR 36,000** for the entire duration of the two-year program. It is advisable to verify the fee structure by contacting the Directorate or checking the university's official website for the most up-to-date information.

**8. Is there any provision for scholarships or financial aid for M.P.Ed students?**

**Answer:**

The University of Kashmir provides scholarships and financial assistance to students based on academic merit and specific eligibility criteria. Additionally, students with sports achievements may be eligible for certain sports-related scholarships. It is recommended to check with the Directorate for specific scholarship opportunities.

**9. Are there any specializations offered within the M.P.Ed course at the University of Kashmir?**

**Answer:**

Currently, the M.P.Ed program at the University of Kashmir does not offer specific specializations. However, the course includes various subjects related to sports management, coaching, sports psychology, and fitness. Students may have opportunities to focus on areas of personal interest through elective subjects or practical training.

**10. What is the mode of examination for the M.P.Ed course?**

**Answer:**

The examination mode for the M.P.Ed course at the University of Kashmir consists of both theoretical and practical exams. The theoretical exams test knowledge of physical education, sports science, and related topics, while the practical exams assess skills and competencies in various physical activities.

**11. Is there an option for distance learning for the M.P.Ed course?**

**Answer:**

At present, the M.P.Ed course at the University of Kashmir is not offered through distance learning. It is conducted as a regular, full-time program. Students are expected to attend classes, participate in practical sessions, and meet the requirements set by the university.

### **12. How can I apply for the M.P.Ed course at the University of Kashmir?**

**Answer:**

Students can apply for the M.P.Ed course through the official **online admission portal** of the University of Kashmir. The application process typically includes filling out an application form, paying the required fee, and submitting necessary documents. It is important to regularly check the official website for updates on admission schedules and requirements.

### **13. Can I pursue a career in sports management after completing the M.P.Ed course?**

**Answer:**

Yes, the M.P.Ed course provides a foundation for careers in **sports management**, including roles such as sports event organizers, sports administrators, and managers at various sports organizations. The course includes components of sports management, so students interested in this field can build relevant skills.

### **14. What is the placement record of M.P.Ed students from the University of Kashmir?**

**Answer:**

While specific placement records may vary each year, the Directorate of Physical Education and Sports at the University of Kashmir helps facilitate internships, job opportunities, and connections with various sports organizations, schools, and fitness centers. Graduates of the program often find employment in schools, colleges, sports academies, and other fitness-related fields.
